

MADISON USBC WOMEN'S BOWLING ASSOCIATION HALL OF FAME

Don and Tracy Bussan are inducted into the MWBA Hall of Fame as Honorary Members in August 2011.

Bowling and the Bussan name are synonymous. It's their business! They have 3 beautiful houses: Bowl-a-Vard, Prairie Lanes, and Ten Pin Alley. They have great staffs that reflect their high standards. They are generous and supportive of the Madison community and host many local fundraisers. They have great junior programs, and are always looking for new and innovative ways to keep their bowlers returning year-after-year.

Through the years, Don & Tracy have been especially supportive of women's bowling.

They responded to the MWBA's requests for bids to host state tournaments and Bowl-a-Vard Lanes was awarded the Team event in 1997, and Doubles & Singles in 2012.

Realizing that city tournaments are especially important to keeping local bowlers interested and involved in the sport, they have made contributions to both the MWBA and MBA tournament prize funds.

In 1998, Don & Tracy offered to host and sponsor a Women's Bowling Hall of Fame at Bowl-a-Vard Lanes. The Bussans made an Association dream come true in 1999 when the first members were inducted into the new MWBA Hall of Fame.

The staff at Bowl-a-Vard Lanes has accommodated our annual Jamboree for the past 12 years. Don and Tracy go out of their way, working actively with the local board, to make it a very special event for Association members, Hall of Famers, award winners, and guests.

The MWBA proudly recognizes Don and Tracy Bussan for their outstanding support and contributions to the local bowling community, especially to the women bowlers of the Madison area.

The MWBA is pleased to honor Don and Tracy Bussan as inductees into the Madison USBC Women's Bowling Hall of Fame.
